Austin Chapter, CSI

July 2017

The Construction Specifications Institute

THE FUTURE OF DOWNTOWN AUSTIN

CSI Austin Chapter's July meeting will be dedicated to the Future of Downtown Austin. Dewitt M. Peart, President and CEO of the Downtown Austin Alliance, will introduce the Downtown Austin Plan and provide a sense of the plan's progress and relevance to the work of the Downtown Austin Alliance.

The pace of growth of downtown is rapid and there's significant construction underway today. Dewitt's talk will help frame your thinking about the opportunities for downtown. The presentation will be a preview into the potential for future downtown development, as it relates to people, congestion, parking and taxes.

What are the implications for downtown and Austin (and the region)? Join in the conversation with Dewitt. The presentation will leave you thinking about the great potential we have to shape our future.

Dewitt M. Peart's Bio

Dewitt M. Peart became the President and CEO of the Downtown Austin Alliance in February 2015. The Downtown Austin Alliance is engaged in dozens of projects and issues that contribute to the quality development, mobility, safety, cleanliness, and attractiveness of downtown Austin for investors, businesses, employees, residents and visitors. He guides the Downtown Austin Alliance's vision and strategy, ensures the organization's fiscal health and represents a board of directors consisting of 48 private and public sector leaders focused on the preserving and enhancing the value and vitality of downtown Austin.

Prior to taking the helm at the Downtown Austin Alliance, Peart served as executive vice president for economic development and public affairs at the Allegheny Conference on Community Development, president of the Pittsburgh Regional Alliance, and president of the Greater Pittsburgh Chamber of Commerce.

In his economic development role, Peart led the efforts securing more than 250 economic development deals. His organization was named seven times as one of the U.S.'s top ten economic development organization by Site Selection magazine. Similarly, the organization was internationally recognized for having the best foreign direct investment strategy by a publication of the Financial Times.

Peart's decade of advocacy experience covers legislative and regulatory improvements at the local, state and federal levels. He achieved success in environmental, transportation, economic development financing and military base closure legislative action.

From 1988 to 2002, Peart worked at various real estate development companies where he provided oversight for phases of large-scale development projects including land-use planning, master planning, asset management, construction, property management, marketing and leasing.

His development of nearly seven million square feet of industrial buildings and expertise in brownfield and urban redevelopment distinguish Peart's career in real estate, which spans over two decades.

Peart was named to the NAIOP Pittsburgh Hall-of-Fame in 2011. He had held numerous leadership positions in non-profit organizations over his career in Pittsburgh including Junior Achievement, the Red Cross, the Workforce Investment Board and the Military Affairs Council.

Peart is currently an Executive Fellow at Large of the Center for Economic Development for the Heinz College at Carnegie Mellon University and a member of Robert Morris University's CEO Club. He serves on the Board of Preservation Austin and is also a member of the NAIOP Urban Redevelopment Forum, the International Downtown Association, the Urban Land Institute and Vistage Worldwide.

A native of Pittsburgh, Peart has a master's degree in public administration from Carnegie Mellon University and a bachelor's degree in business administration in accounting from Robert Morris University. He is married and has two adult sons.

The logo for the Downtown Austin Alliance, featuring the words "DOWN AUSTINTOWN ALLIANCE" in a bold, sans-serif font. "DOWN" is in orange, "AUSTINTOWN" is in white, and "ALLIANCE" is in white. The text is set against a black background with a white border.

President's Message

Dear Austin CSI Members,

I am so excited to be your new President for the CSI Austin Chapter! Robbin did an amazing job and I hope I can maintain and increase the momentum that she started. But its not all just me. I have an excellent Board who are all excited to serve you!

We have some very exciting events planned for this coming year. For starters, we have decided to make the **%Pass the Gavel Event+**and the **Holiday Party** annual events.

The first **%Pass the Gavel Event+**last week was so much fun (even without air conditioning) we just feel it should become a CSI Austin Chapter tradition.

This year, we will be participating more in Trade show events in order to promote CSI's membership benefits. So far we've secured booths at The Austin Build Show in January and the Austin Facades+ Conference coming up on July 18th.

Education is very important to us at CSI Austin. To support those planning to take the CDT exam this fall, we will be having a CDT Bootcamp. Date, location and cost of the program will be provided as soon as plans are finalized. Stay tuned!

CSI Austin Chapter will be expanding its advertising for Events and Monthly Chapter Meetings in the AIA weekly newsletter. Be sure to check **%a** the Community+Section for the latest CSI events and meeting topics.

CSI Austin Chapter meetings will continue to be held at the AIA Austin Offices on the third Monday of the month. Board meetings are held on the first Friday of the month.

So let us know what else we can do for you!

Best Regards,

Marina Reynaga, PE, LEED AP BD+C, CSI, CDT
President, Austin CSI Chapter

AUSTIN

July 18, 2017

UT Austin Commons Learning Center

THE PREMIER CONFERENCE ON HIGH-PERFORMANCE BUILDING ENCLOSURES

THREE SESSIONS — TEN SPEAKERS

Join Us in Austin.

The program includes three sessions covering issues unique to the region, including innovative building skins, high performance facades, and the future face of Austin. These well-rounded, expert dialogues will inform and inspire.

The Facades+ conference series is a robust dialogue encompassing all things building skin—bridging the profession, industry, academia, operations, and ownership. We've distilled the best of the Facades+ 2-day event into a quick-take morning forum with a strong local flair. Facades+AM is coming to Austin for the first time this July.

Attendees Include:

- AIA Members
- Architects
- Architecture Students and Faculty
- Building Envelope Specialists
- Construction Professionals
- Developers
- Engineers
- Manufacturers
- Materials Specialists

Program:

1. Digital Design and Fabrication Frontiers
2. Made in Texas: Collaboration between Architect and Engineer
3. Austin's Changing Skyline

Lunch will be served and CEU credits will be provided.
Click link below for addition information and registration. See you there!

<http://am.facadesplus.com/>
